ABOUT COMPANY

Manufacturer of automobile Rubber parts TPR Boot, TPE PU Bushes, Nylon Ptfе anti Friction Pad

At Rubber Moulders , we take pride in being a trusted manufacturer of high-quality automobile rubber parts. With years of expertise and a commitment to excellence, we offer a wide range of products designed to meet the demanding needs of the automotive industry.

TPR Boots: Our TPR (Thermoplastic Rubber) boots are engineered to provide superior protection and durability for various automotive applications. They offer excellent resistance to harsh environmental conditions, ensuring the longevity of your vehicles.

TPE PU Bushes: Our TPE (Thermoplastic Elastomer) PU (Polyurethane) bushes are designed to absorb vibrations and reduce noise in automobile suspensions. They offer exceptional wear resistance and are known for their longevity, contributing to smoother rides.

Nylon PTFE Anti-Friction Pads: Our nylon PTFE (Polytetrafluoroethylene) anti-friction pads are essential components in automotive systems where low friction and high wear resistance are crucial. They provide dependable performance, enhancing the efficiency and reliability of your vehicles.
